

## Golf

There's not many places in this world with round temperatures in the 70's to be able to play golf year round.

**Lucero Golf Course and Country Club** - The only regulation golf course in Panama with bent-grass tee decks, fairways and greens. Par 72, 18-hole championship course created by renowned designer J. Michael Poellet. First Class standards.

Lucero Golf & Country Club offers three Classic Clay Tennis Courts, the same type of surface used for the French Open.

For rates and reservations, please visit their website at <http://www.lucero.com.pa>

**Valle Escondido Resort, Golf and Spa** - challenging course with three par-four holes and six par three's. Almost every hole plays over the river at least once. For reservations and pricing, go to [www.veresort.com](http://www.veresort.com)
