

## Trip Planning

### Planning your trip to Boquete

Welcome and Congratulations on doing your homework before packing up. Please read the different pages I have available titled "Money, Packing List, Leave it at home, Books, Weather, Free Medical Insurance and Holidays" There's a lot of information to take in.

When you do arrive in Boquete - Take a stop at the CEFATI Visitors Center. It is located on your right hand side, before entering the town of Boquete. It's a large 2 story tudor building and has a great look out into the town for wonderful picture opportunities. Ask a representative to take you around and tell you about the displays. Open daily, 9 am - 6 pm.

### Cefati Building

Boquete sits in a the valley below the Barú Volcano, and the Caldera River runs right through it. The Avenida Central (main street) goes through the town in a north to south fashion.
